POST SHOW

INDUSTRY OVERVIEW

The integrated Plastic, Printing & Packaging industries of Pakistan are expanding with the increasing use of plastic and packaging materials in various industrial sectors. This has resulted in increased imports of plastics in the country, which stood at US\$ 978.2 million in 2009-10.

Moreover, extensive research and development has also been undertaken by various organizations to promote environment friendly materials such as bio-degradable and bio-available plastics. Such developments have subsequently led to numerous investment and expansion opportunities in Pakistan.

PLASTI & PACK PAKISTAN - A COMPREHENSIVE EVENT FOR THE INTEGRATED INDUSTRIES OF PLASTIC, PRINTING AND PACKAGING

The 7th Edition of the International Plastic & Packaging Industry Exhibition - PLASTI & PACK Pakistan 2010 was successfully held at the Karachi Expo Centre from 31st May to 3rd June 2010.
